The Triangle J donor 21Z is doing a great job for our program and did the same for Triangle J. The dam of 21Z is 306R which is now owned by Premier Beef. 21Z has 85 progeny on her cow card. Many of these sons and daughters have been top among the top sellers for Darby Line. At a Virginia bull sale Profit sons out of the donor 21Z averaged \$4000. 21Z is homo polled and homo black. The results are proven and these 2 matings and resulting progeny will enhance your program.
